

14th Annual Conference on

**Critical Issues Facing
Children & Adolescents**

**Treatment Interventions for Professionals dealing
with individuals and families facing behavioral/mental
health and substance abuse issues**

October 20 & 21, 2010
Salt Palace Convention Center
100 South West Temple
Salt Lake City, Utah

Sponsored by:

**ESI Management Group in partnership with the
Children's Behavioral Health Institute**

- Edward G. Callister Foundation
- Primary Children's Medical Center
- University of Utah Neuropsychiatric Institute
- Utah Department of Health

Although most American children and youth experience normal, healthy development, approximately 7.7 to 12.8 million children have mental health disorders. One of five youth aged 9 to 17 years experience symptoms of mental health problems that cause some level of impairment in a given year; however, fewer than 20% receive mental health services.

Left untreated, mental health disorders lead to higher rates of suicide, violence, school dropout, family dysfunction, juvenile incarcerations, alcohol and other drug use, and unintentional injuries. Estimates of spending for behavioral health services in the young conservatively range from \$11.7 billion to \$14.07 billion.

How is your practice impacted by this population? What gaps impact these individuals and their families and prevent them from receiving effective treatment? Will any of this change with health reform? What will you need to do in your own practice to be effective in treating these populations? The services you provide as a mental health and/or substance abuse professional are an essential element of the health care services continuum.

Join professional colleagues in this specialized program designed to boost your knowledge, sharpen your clinical skills, client care & outcomes to positively impact the quality of your clients' lives!

This year's conference has been designed and articulately created from feedback from professionals like you throughout the intermountain west and attendees in past conferences. We have listened and acted on your wishes in the creation of a program with many exceptional features -

- Wide array of clinical training options
- Varied & interactive formats
- Ethics credits for licensure
- Special two-day track on behavioral issues & interventions
- Workshop options for more comprehensive training in Motivational Interviewing
- Scientific, evidence-based agenda with skill-building opportunities
- Detailed training on the application of Mind-Body Bridging
- Spacious, comfortable environment
- Intervention focused curricula & hands-on tools
- Enhanced medical track / sessions
- Network-building with colleagues
- Exhibitors with the latest information and samples
- Resource / Referral base development opportunities

CONFERENCE PURPOSE & TARGET AUDIENCE

This unique and popular program is distinctively designed to help professionals

- Increase awareness and current knowledge of critical behavioral health issues facing youth;
- Gain effective working tools to properly intervene with youth facing these issues;
- Develop strategies to more effectively promote the healthy growth and development of youth; and,
- Become more familiar with current resources to benefit practices and learn ways to navigate around existing gaps.

More specifically, all educational sessions will help build networks and resources to last long after the conference is over. This will be beneficial for professionals in the following fields:

SPECIAL OFFERS & EXPANDING PARTNERSHIPS

Strengthened by partnerships with public and private entities, the 2010 conference on *Critical Issues Facing Children & Adolescents* provides a solid, in-depth and practical educational experience for all who attend. Trauma experts from around the intermountain west will join this year's program to provide the latest research and treatment interventions. They will also be available after the conference ends to provide you with more local and accessible support and resources. The University of Utah Health Care Neurobehavior HOME Program is taking the lead in providing an expanded focus on behavior management by providing an entire two-day track of workshops on advanced education and intervention for various issues related to behavior problems. The Intermountain Academy of Child & Adolescent Psychiatry is exploring options for physician networking and education and the Utah Association of Infant Mental Health is continuing to support education in the area of early childhood. Some special discounts and offers may be offered directly to members of these organizations.

As referenced, other incredible features fill this year's program including sessions to meet new licensure requirements for ethics training; national experts to present future trends and directions which will impact your practices; a chain of workshops on motivational interviewing to impart skills for application in current practices; an enhanced offering of medically-focused sessions; skill-building sessions on mind-body bridging and other treatment modalities. And, to end the conference and send you on your way with a renewed sense of self and a more vibrant interest in your daily practice, internationally recognized and sought-after motivational speaker, Chad Hymas, will wow you through his humor and personal stories and lessons like no one has done before!

CONTINUING EDUCATION & ETHICS CREDIT

This program offers 13.25 hours of course work for continuing education credit.

- * Accreditation: ESI Management Group is accredited by the Utah Medical Association to provide continuing medical education for physicians.
- * AMA Credit: ESI Management Group designates this educational activity for a maximum of 13.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
- * Professional Credit: This program has been submitted to and/or already approved by the:
 - National Board for Certified Counselors (NBCC)
 - National Association of Social Workers (NASW)
 - Utah Psychological Association (UPA)
 - Association of Utah Substance Abuse Professionals (AUSAP)
 - Nevada Nurses Association (Accredited approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation)

In some states, CME programs like this may be used for re-licensure and/or ethics credit in other fields. It is the responsibility of each individual to record and report their attendance to the State Board and/or other licensing organization as needed and to check with their Boards to determine reciprocity and licensure credit in their state(s).

- * Certificates of Attendance: Attendees may register to receive these certificates for verification of attendance with employers, accrediting organizations, licensure and other purposes. (See "Registration Form")

HOTEL ACCOMMODATIONS

Stay and play in the heart of downtown. Two hotels across the street from the Salt Palace Convention Center are offering discounted rates to participants of *Critical Issues 2010*. To take advantage of these specials, call either the Marriott Salt Lake City Downtown (75 South West Temple) at 800-455-8254 or 801-531-0800 or the Shilo Inn (206 South West Temple) at 800-222-2244 or www.shiloinn.com (booking code 101910CI).

When you make reservations, be sure to mention the "*Critical Issues Conference*" to take advantage of the special rates of \$139 at the Marriott or \$89 at the Shilo Inn. To guarantee these rates and/or to extend your stay beyond the conference dates for the same rate (based upon availability) you must call prior to September 28th. Availability after this date is not guaranteed.

PARKING & TRANSPORTATION

Carpooling and the use of TRAX are encouraged for your convenience and in support of a clean environment. The Temple Square TRAX stop is less than one block north of the convention center.

Convenient, underground, self-parking is available at the Salt Palace Convention Center for conference guests for \$10. For your maximum convenience, enter this lot on the south side of the Salt Palace - 200 South 200 West then ride the elevator to the main ballroom level. Additional parking options surround the Salt Palace - one just north of the Radisson with in and out privileges and another on 100 South by Zion's Bank.

Guests of The Marriott may park underground at the hotel for \$12/24 hour period and Shilo Inn guests will have free covered parking with a complimentary pass presented at check-in.

CITY EVENTS

For information on Salt Lake City events, call the Salt Lake Convention and Visitors Bureau at 800-541-4955.
